

Dog Owners Code of Conduct 2015-16

1. Owners are fully responsible for their dogs. Where an incident involving a dog takes place, the owner is responsible.
2. Aggressive behaviour towards humans or other dogs (e.g. charging, growling, snapping, and jumping on people or other dogs) is unacceptable.
3. The owner is responsible for ensuring he/she has adequate skiing ability to stay in control of their dog at all times.
4. The owners must clean up after their dog and dispose of the waste in the available receptacles.
5. Report all unsafe practices to lodge staff immediately.
6. To respect the space of other individuals and to keep your dog away from children at all times. This is especially important on Saturday mornings when the Stadium and adjacent trails have high volumes of children.
7. Pass other skiers with or without dogs slowly and with plenty of warning.
8. There is an expectation that owners who bring their dogs to SLNC will take responsibility for policing the dog trail and speaking to others who are not complying, as well as reporting situations to the office.
9. All dogs and owners must possess a valid day pass or season pass. Trail passes are available at the lodge office.
10. Dogs are not permitted in any SLNC Buildings.
